TOP STORIES FROM ACROSS EAST DEVON AND SOUTH SOMERSET

AXMINSTER

Pensioner wins big in postcode lottery

AN AXMINSTER pensioner says his life will change after scooping £25,000 in the People's Postcode Lottery.

Edward Samwell was drawn as the winner of one of the Saturday 'Street Prizes' on August 20th. Mr Samwell was left gobsmacked when Street Prize presenter Danyl Johnson turned up at his door, and said: "Never in a million years did I think I would ever win that kind of money."

Street Prize presenter Danyl Johnson said: "He was the only person in his postcode playing the People's Postcode Lottery, so his neighbours all missed out on their chance to win £25,000."

So far, players have raised an £135million for charities across Great Britain and internationally. Devon-based Hospiscare is one of the charities to have benefitted. Earlier this year, it received £1,000 to provide assistance with the running costs and to purchase plants and tools for its garden.

COLYTON

Loss of bank 'a huge blow' for town

THE chairman of East Devon District Council has said the planned closure of Lloyds Bank in Colyton is a bitter blow to the local community, as well as businesses in and around the town.

The comments came from Councillor Stuart Hughes as Lloyds - the only bank in the town - is still set to go ahead with the closure on October 12th.

Colyton Parish Council, district councillors and representatives of St Andrew's Church have all written to leading staff at Lloyds, asking them to reconsider. A petition is also available in Colyton Spar and a protest was held outside the bank earlier this month, which featured in the *Mail on Sunday*.

In announcing the closure, Lloyds said: "This branch has been identified because of the changing way customers choose to bank with us."

"We apologise for any inconvenience and informed customers of the closest alternative branch."

From the editor's chair Who would be a banker?

BANKING ain't what it used to be. Long gone are the days when you could stroll into your local branch, have a chat to your bank manager, who you probably knew well, and came out with a smile on your face and an overdraft. If you still use a bank, do you even know who your bank manager is?

I have a very poor and jaundiced view of the banking industry. Anyone who has managed a company through these past turbulent years probably thinks the same.

All I know is that when the *View* from series of newspapers needed some financial support when advertising revenues fell off the cliff at the height of the recession, the high street banks just did not want to know.

How we survived, I do not know. But we did - just!

The experience was so stressful that I won't have anything to do with the big banking names. My experience was the bigger they were, the more uncompromising they were in trying to help us through the difficult times.

Today, this company uses Metro Bank, an American company. When it comes to customer service, they are second to none.

Their nearest branch is Newbury in Berkshire

- but in this world that matters not. We do all our transactions via the internet. There's an arrangement for paying in cash via a local bank but today most transactions are completed by bank transfer or card services. The writing is on the walls for payment by cheque.

I recently tried to open a bank account for a charity with which I'm connected. We did not want to borrow any money. We just wanted an account into which we could pay money and then draw out by cheque. We waited so long that in the end I gave up and went to Metro. They did it for me in three days.

Working for a bank used to be one of the most respected professions. Today, they come somewhere between estate agents and journalists when it comes to public respect.

It's no wonder banks are disappearing from our high streets. Of course, it's not the local people who work behind the counter. I've always found them charming and sympathetic. Good people. It's the fat cats who draw hugely immoral salaries and who nearly brought this country to its knees.

There's no point talking to politicians. Most of them are bankers too - if you get my drift.

HONITON

Benefits of proposed improvements to A30 questioned

A NEW stretch of road linking Honiton with the A303 is currently under public consultation, but two Monkton residents are questioning its benefits.

Sarah Dawes and Sarah Clark have voiced their concerns over the proposed A30 scheme and are encouraging others to respond to the consultation. Devon County Council are proposing three possible improvements, all in the region of £170million.

To read the proposed improvements and to have your say, visit: <https://new.devon.gov.uk/haveyoursay/consultations/a30-improvement>

The consultation period ends September 30th.

OTTERY ST MARY

First draft ready of neighbourhood plan

AFTER months of hard work and consultations, Ottery St Mary's Neighbourhood Plan has now reached the first draft stage.

The plan, which encompasses Ottery, West Hill and the surrounding villages, is being headed up by Councillor Jo Talbot, who posted on the Neighbourhood Plan's Facebook page: "It is hoped that by late November/early December the draft Neighbourhood Plan will be ready for its first formal consultation and will be ready for the public and other interested parties to see."

"... a final referendum - when the people of the parish will vote for it - that will probably be around May/June 2017."

SEATON

Seaton athlete to take on double Ironman for charity

A SEATON man is about to help keep the Olympic momentum going by subjecting himself to a double 'Ironman' in one-go.

Paul Johns, 40, will attempt an ultra triathlon by swimming 4.8 miles, cycling 224 miles and then running a double marathon (52.4 miles), one after the other. He aims to raise £2,800 (which represents ten times the total mileage) for CLIC Sargent.

Paul will be starting the challenge at 6am on Friday, September 16th. He has an online Just Giving page - www.justgiving.com/fundraising/p-johns - and thanks those who wish to donate.

SIDMOUTH

Schoolgirl's protest on lack of cycle path

AN ELEVEN-year-old schoolgirl is staging her own protest demonstration against the failure of local authorities to provide a cycle track and path alongside the narrow road linking the villages of Sidford and Sidbury.

Dominique Webb painted a bicycle white and positioned it against a hedge just outside Sidford. Written on a poster pinned to the bike is a warning: "Danger of Death! Still no cycle/footpath?"

Dominique lives in Singapore where her father works, but holidays every summer with her grandparents Andrew and Lynden Webb in Sidbury.

Andrew Webb said: "It's undoubtedly one of the most dangerous stretches of road in East Devon for both cyclists and pedestrians."

Devon County Councillor Claire Wright, who has responsibilities for the Sidmouth area, said: "The cycleway has been worked towards for a very long time and it is frustrating that progress has not been quicker. I hope to hear some good news about the route soon."

SOUTH SOMERSET

Farmers warned after string of arson attacks on local barns

POLICE have issued an alert to all Somerset farmers after a string of deliberate barn fires.

Two of the fires took place in the South Petherton area, and Chief Inspector Mark Edgington, Local Policing Commander for East Somerset, said: "Over the last few weeks there have been several barn fires across Somerset."

"Working with Devon and Somerset Fire and Rescue, investigations have led us to conclude that these have been deliberate acts of arson."

Firefighters were called to a farm on Hawthorne Hill, East Lambrook, just after 11pm on the 14th.

Two days later, just before midnight on the 16th, firefighters were called to Rylands Farm on East Lambrook Road, South Petherton.

Chief Inspector Edgington said: "We want to hear from anyone who has any information about these incidents or any other suspected arson. You can call us on the 101 number or, alternatively, you can call Crimestoppers on 0800 555111."

Businesses encouraged to complete survey

SOMERSET Chamber of Commerce is urging businesses to take part in the latest Quarterly Economic Survey (QES).

Sent out in February, June, September and November each year, the survey gives businesses an opportunity to share their experiences of trading in order to provide insight to policymakers on the local and national economy.

The QES is one of the largest and most respected independent business surveys covering every region and nation in the UK.

It acts as an economic indicator and often highlights underlying trends in the economy long before other surveys pick them up.

Findings from the QES help influence the government, independent local economists and the Bank of England's Monetary Policy Committee, which uses the results as an important benchmark when setting interest rates. From a Somerset perspective, the responses also provide a solid platform on which to convey key messages about the local economy's needs.

The results from the online survey are fed

to the British Chambers of Commerce and its accredited chambers, one of which is the Somerset Chamber of Commerce.

Dale Edwards, chief executive of Somerset Chamber of Commerce, said: "The QES is a powerful tool that represents the voice of business to government."

"This is a time for Somerset businesses to have their say and I would encourage as many businesses as possible to respond to it, helping to retain its reputation as a reliable economic indicator and a vital agent for lobbying."

The survey, which is completely anonymous, takes just a few minutes to complete and comprises 17 tick box questions covering topics including employment, prices, confidence and investment, as well as topical issues such as the impact of the recent EU referendum result.

To take part visit the website www.survey-monkey.co.uk/r/952T36D

The survey remains open until September 12th and the results will be published on the Somerset chamber website in October.

Community safety event to return

CREWKERNE Town Council's Community Safety Group is set to repeat its community safety event in Falkland Square.

The event will take place on Friday, September 16th from 10 am to 1 pm and for people to drop in and chat with exhibitors and town councillors on matters which may cause them concern.

Organisers promise a good range of exhibitors, including firefighters, the Road Safety Team, Avon & Somerset Police, Trading Standards, Speedwatch and The Environment Agency along with many more.

Chairman of Crewkerne Community Safety Group, Councillor Mike Best (pictured right) said: "The idea of the event is to give local people the opportunity to discuss their concerns about community safety issues, whether this is their personal safety or

that of their environment, and to find out about things they might not have been aware of previously."

Council funding for youth clubs

YOUTH clubs in Tatworth and South Petherton are on a list of 11 to share nearly £30,000 from Somerset County Council.

The grants are matched by nearly £19,000 in locally-raised funding and hundreds of hours of volunteers' time – all for the benefit of Somerset's young people.

Councillor Frances Nicholson, Cabinet member for Children and Families at Somerset County Council, said: "Somerset youth clubs do immensely valuable work and I'm really pleased we have been able to offer them some support through grant funding."

"This will be an added boost to the continued hard work of numerous local volunteers and fundraisers who help these youth clubs to thrive."

Among clubs set to receive grants are Tatworth Church Youth Club – £2,070 towards the cost of staffing for the Friday evening youth club; and South Petherton Youth Club – £500 towards heating costs for the youth club.

Best ever GCSE results celebrated in South Somerset

■ STUDENTS from both Wadham School (above) and Holyrood Academy celebrated some of their best ever GCSE results. Below, boys from Holyrood give a thumbs up for their results

FOLLOWING on from the previous week's A-level success, it was the turn of GCSE students across South Somerset to celebrate on Thursday.

Holyrood Academy in Chard saw its "best ever" GCSE results, with 70 per cent of students achieving the key measure of at least a grade C in both maths and English, a 10 per cent increase on last year.

Many students exceeded their personal targets with one in every five grades awarded being an A or A*. Five students - Maggie Evans, Alfie Tipping, Teigan Veale, Ellis Caird and Freya Rodgers - achieved 43 A*s and 15 A grades between them.

Headteacher Matthew Collins said: "The achievements of all the students has been superb.

"New government measures take into account, the progress made by every student in the year for the new Progress 8 score and these are significantly above national thresholds - indicating high levels of success for students of all abilities."

He went on to say that the results were "thoroughly deserved" and a testament to the students' attitude and hard work.

"I would also like to thank the teaching staff for the incredible amount of work they have put in to supporting this group of students," he added.

Executive principal Martin Brook commented: "In the context of our new partnership with Axe Valley it was crucial that we could demonstrate big improvements again this year. These results are outstanding and can only help to further our reputation at a local and regional level.

"Above all else, I am delighted for our students who have worked so hard to achieve these exceptional grades."

Newly appointed director of sixth form, David MacCormick, added: "This fantastic set of results means that 80 per cent of the students in this year group have met the entry requirements for the sixth form at Holyrood and can be part of the exciting new developments."

Wadham School in Crewkerne also saw its best GCSE results for many years with a 10 per cent increase in performance compared to last year, equating

to 63 per cent of students achieving at least five GCSE passes, including maths and English.

There was also a 16 per cent increase to 71 per cent in the number of students passing both English and mathematics - a new government key performance measure.

Asked what he puts the improvement down to, acting headteacher Matthew Gardner said: "I'm delighted that our forensic approach, with real emphasis on early detection of students that need additional support, has achieved the desired outcome.

"It has not just been about giving extra help to students outside the curriculum, but also adjusting the teaching, week in week out to reflect class needs and to address areas of difficulty."

Particularly impressive performances came from 27 students who received five or more A*s or As - Erin Bowhay, Fin Brown, Megan Butler, Daisy Charles, Tom Clarke, Jessica Derham, Corey Edwards, Olivia Elsdale, Hannah Farmer, Imogen Fisher, Abby French, Rebecca French, Bethany Lacey, Jessica Langdon, Georgia Lewis, Max Metcalfe, Madeleine Murdoch, Lea Newcombe, Abigail Parham, Caitlin Paull, Jessica Payne, Isabella Pearson, Charlie Pettinger, Lucy Pittard, Abbi Spicer, Tiggy Swanwick and Beth Womack.

Amongst these Tom Clarke, Olivia Elsdale, Imogen Fisher, Rebecca French, Leah Newcombe, Caitlin Paull, Jessica Payne, Lucy Pittard and Beth Womack, achieved an impressive 10 A*s or As.

Mr Gardner added: "I have been highly impressed with the way our students have applied themselves in the lead up to exams and hugely appreciative for the dedication from the staff team and the great support we have had from parents who can have a tremendous impact on performance.

"The school hopes that the excellent GCSE performance this year coupled with great A-Level results announced last week will influence parents of pupils across the Ilminster and Crewkerne area to take the opportunity to visit our open evening on Monday, September 26th."

Council grant to help fight fuel poverty

A GRANT of £7,260 will help fight fuel poverty in Chard.

South Somerset District Council's Area West Committee agreed to approve a joint grant application from the Centre for Sustainable Energy (CSE) and Home Energy Centre (HEC).

The organisations are working together on a project called "Warmer Chard", and have also secured a Big Lottery grant.

CSE is a national charity based in Bristol, which runs projects relating to energy including work on reducing fuel poverty.

HEC is a community organisation which was formed in Ilminster and expanded by opening Chard Home Energy Centre, a neighbourhood drop-in information point within the premises of Somerset Media Solutions, last year.

An Area West Committee agenda report described HEC's work in Chard, stating: "Every Wednesday afternoon people requiring energy advice can drop in or make appointments to discuss specific energy-efficiency matters with an experienced volunteer.

"In January 2016, Chard HEC held an open day,

150 leaflets and promotional items were distributed and residents brought in their gas and electricity bills to get advice about their energy use.

"For example, one pensioner, who brought in her energy bills, then took the advice given by the HEC volunteers and reduced her monthly energy bill from £165 to £60, which took her out of fuel poverty and provided her with greater local spending power from her pension, her sole income."

The report also said that Chard and surrounding villages had been identified as an area with a particular need for energy advice services due to pockets of high fuel poverty, as a result of:

- A higher proportion of poverty and deprivation, compared with other areas of South Somerset, according to the indices of multiple deprivation;
- Poor levels of understanding amongst low-income households around energy use and costs;
- Lack of capacity amongst local community groups to support local residents;
- Rising energy bills, particularly many of the surrounding villages without mains gas, relying instead on more expensive options to heat their homes, such

as LPG or night storage heaters;

- High proportion of older populations who are more susceptible to cold and damp homes;
- Cold homes can contribute to excess winter deaths, cardio-vascular disease, depression, arthritis and rheumatism, it affects dexterity, increasing the risk of accidents and injuries in the home;
- Higher proportion of older properties; solid-walled properties are typically £300 per annum more expensive to heat than those with more modern cavity insulation.

Before approving the grant, members of Area West Committee were told that: "The 'Warmer Chard' project will be open to all and will be promoted to all groups and members of the community.

"Home Energy Centre Chard is accessible and the project's home visits will enable wide participation.

"Promotional materials will be produced to an accessible standard and project materials will be available in a range of languages and forms and interpreters will be used if required."

Chard Reservoir to remain closed to anglers after death of carp

CHARD Reservoir Local Nature Reserve will remain closed to anglers for the time being.

In mid-June this year, the decision was taken to close all angling at the South Somerset District Council (SSDC) owned reservoir because of the death of an estimated 15 to 20 carp.

Following concern from the SSDC site ranger, the Chard Angling Club bailiff and anglers, the Environment Agency (EA) was asked to assist.

After an initial site visit by the EA, a decision was taken to close the site to angling for further investigations to take place.

The EA visited the site again in July, sampling fish and taking away five fish for analysis.

They also monitored water quality and general

environmental conditions.

Test results are back and no single disease or incident has been responsible for the mortality (in predominantly carp) at the reserve. It is presumed that, weakened after spawning and possibly exposed to a pollution incident, some specimens were more prone to infection and disease and subsequently died.

Site ranger Tim Brown said: "SSDC and Chard Angling Club continue to monitor the reserve. I attend the site daily, walking the shoreline and observing the fish stock where possible.

"We are closed to angling currently, but the situation is being assessed weekly.

"I am grateful to the angling community for

their understanding and we look forward to opening as soon as we can."

Steve Osborne, from Chard Angling Club, added: "The health of the fish is paramount. We will not open the site to angling until we are content that the stock has returned to full health and that water quality is being regularly monitored at each inlet to check for any pollutants entering the fishery."

Councillor Sylvia Seal, portfolio holder for leisure and culture at SSDC, said: "It has been a long process trying to establish what the cause of the initial fish mortality was.

"The reservoir is on the course of the River Isle and has many tributaries from both the town and

countryside. Keeping a close watch on the water coming into the fishery should help us identify and manage any future potential issues.

"We are grateful to the EA for their swift intervention and advice and support throughout this event."

SSDC officers and Chard Angling Club will meet again in early September to assess the situation, in the hope that an opening can be scheduled.

Information will continue to be released via the reserve Facebook pages, online at www.south-somersetcountryside.com and via the angling club's website.

■ **HOPE:** Sheryl Ford and Elaine White are hoping for a great response for their new chosen charity from colleagues and customers

Sainsbury's announce new charity partner

HOPE for Tomorrow has been chosen as Sainsbury's new charity partner in Chard.

Customers voted for their favourite charity in May, and Hope for Tomorrow topped the polls.

The charity provides mobile chemotherapy units, reducing travel, waiting times and the stresses and strains of hospitals.

Over the next 12 months, Hope for Tomorrow will benefit from donations and fundraising initiatives in the Chard branch of Sainsbury's.

Claire Cosgrove of Hope for Tomorrow said: "We are really excited to be partnering with

Sainsbury's in Chard and would like to thank everyone who voted for us.

"We will be planning fundraising activities with store colleagues in the coming weeks and we hope that customers will support the store's fundraising efforts in the coming months."

Store manager Tracie Knight added: "Hope for Tomorrow is such a worthy local cause and we are pleased and proud to be supporting it.

"We'll let our customers know of our fundraising plans and we hope they can join our colleagues in helping to support them."

Jane braves the shave for charity

■ **CHARD** Conservative Club was the setting for a Jane Packingan to brave the shave in aid of Macmillan Cancer Support on August 5th. Although it was not a complete head shave, she did raise a staggering amount of £720. Museum to take part in Open Day

CHARD Museum will stage a Heritage Open Day on Saturday, September 10th from 1.30pm-4.30pm.

There will be heavy horses, woodworking, up-cycling, artists, knitting and much more, including costume-making, knitting and story telling for children.

A museum spokesperson said: "As always, entry to this is free and the museum will be open

for visitors to explore."

Local district councillor Amanda Broom supports the event, and said "As always, we are completely reliant on the wonderful group of volunteers who put their time and effort into helping to showcase the museum.

"If you haven't been yet, this is the perfect opportunity to visit and discover the history of our great town."

Cake stall raises funds for RNLI at Tesco garage

DRIVERS stopping at Ilminster's Tesco petrol station could refuel on home-baked cakes last week-end.

As part of a fundraising drive to support the RNLI, staff at the petrol station set out a range of homemade cakes, all made by staff members, as well as coffee.

It was all free of charge, but with a request for a donation to the RNLI.

From cupcakes to flapjacks, customers could enjoy their favourite.

Staff member Allison Jarman said: "The extent of the generosity of the petrol station's customers was obvious when the total donations taken in the day was found to be £205.

"We are looking forward to the next time to hold another day of cakes and coffee."

Horton goalkeeper going for gold in Team GB's Paralympic football team

SOMERSET lad Giles Moore will be hoping to keep Team GB in safe hands when he represents the nation at the forthcoming Paralympics in Brazil.

Goalkeeper Giles, 19, who lives at Horton near Ilminster, has been selected for Team GB's seven-a-side football team, which will be hoping to win gold in Rio during the Paralympics from September 7th to 18th.

Giles will link up with his team mates next week before travelling to Brazil for what will be his first Paralympic Games.

But before that, the Yeovil Town fan went along to the Glovers' Huish Park stadium to meet up with manager Darren Way and the players ahead of their Sky Bet League Two match at Doncaster Rovers.

Giles also took part in the goalkeeper's training session alongside Artur Krysiak, Jonny Maddison and goalkeeper coach Sam Shulberg before enjoying lunch with the team.

"Being able to meet everyone at the club was amazing because I'm a life time supporter who travels home and away to matches," he said.

"It was fantastic to be able to train alongside the team, they presented me with a signed shirt with 'Rio 2016' on the back which I'm absolutely chuffed with. I'm

■ GOING FOR GOLD: Giles Moore (centre right) with Yeovil Town manager Darren Way and players

going to frame it and hang it alongside my other shirts.

"It's such a great club where everyone knows each other which creates a footballing family. I would like to thank everyone at Yeovil Town FC for a brilliant morning especially Darren, Terry Skiverton (assistant manager) and Sam for making me very welcome and wishing me best for Rio."

Giles was named Best Goalkeeper at the 2014 CPISRA European Championships in Maia, Portugal, and will now aim to help Team GB improve on their seventh-place finish at London 2012.

Giles, who went to Neroche Primary School at Broadway and Holyrood Academy in Chard, before further studies at Cannington College and Bridgwater College, said he and the Team GB squad had been training

hard ahead of Rio at the Football Association's state-of-the-art development centre St George's Park at Burton-on-Trent.

He has also been training with Yeovil Town Ladies as he good friends with their goalkeeping coach Tony Rich. "He got me on to the right pathway and so I owe him a lot for what he has done for me," said Giles.

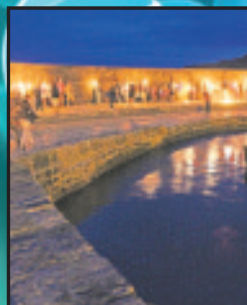

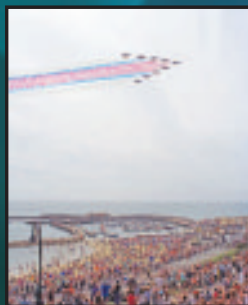

But the Paralympics in Rio will not be the first time Giles has been to Brazil. He was part of the England Under-20 cerebral palsy football squad which won gold in the Brazil School Games in Sao Paulo in 2013.

Giles said back in 2013: "We have our sights set on the Paralympics in Rio in 2016 – it would be amazing to represent my country at that kind of event."

Three years on and Giles is about to see that aspiration become a reality.

RNLI asks supporters for “one tick” to help them save lives

THE RNLI is changing the way it contacts and builds relationships with its supporters in recognition of, and respect for, the important role they play in saving lives at sea.

Supporters are at the heart of the RNLI and without this vital community no crew would be trained, no lifeboats launched and no lives saved.

From 1 January 2017, the RNLI will only contact individuals by post, email or phone if they have given their express permission.

Leesa Harwood, RNLI Fundraising Director, says: 'We're making this change because we believe it's the right thing to do. We've always prided ourselves on our ethical approach to fundraising and we need to make sure that we respect our supporters' wishes and only speak to those who want to hear about our lifesaving work.'

This is an opt-in system where people must choose to stay in touch. If they don't tell the RNLI they're happy to be contacted, the charity will no longer communicate with them after the end of 2016.

In the short term, this change could mean the RNLI loses touch with over 500,000 people – and that could impact on its ability to fundraise. That's why, throughout 2016, the charity is contacting existing supporters to ask if they want to keep in touch. It is also exploring new ways to fund its lifesaving work.

Last year the RNLI's volunteer lifeboat crews, lifeguards

and Flood Rescue teams rescued an average of 22 people every day.

As a charity, the RNLI's dedicated volunteers, and their lifesaving work, is funded by a community of committed supporters. There would be no RNLI without these supporters. The RNLI does not seek government funding and is almost entirely dependent on donors.

Please help the RNLI continue saving lives. All the charity needs is a tick from you to give it permission to stay in touch. Thousands have already opted in and ticked the box – will you join them and be part of a lifesaving community?

You can give your consent for the RNLI to contact you at RNLI.org.uk/TickToday or call them on 0300 300 9918, between 8am – 6pm weekdays.

Key facts about the RNLI

The Royal National Lifeboat Institution is the charity that saves lives at sea. Our volunteers provide a 24-hour search and rescue service in the United Kingdom and Republic of Ireland from 237 lifeboat stations, including four along the River Thames and inland lifeboat stations at Loch Ness, Lough Derg, Enniskillen and Lough Ree. Additionally the RNLI has more than 1,300 lifeguards on over 220 beaches around the UK and operates a specialist flood rescue team, which can respond anywhere across the UK and Ireland when inland flooding puts lives at risk.

The RNLI relies on public donations and legacies to maintain its rescue service. As a charity it is separate from, but works alongside, government-controlled and funded coastguard services. Since the RNLI was founded in 1824 our lifeboat crews and lifeguards have saved over 141,500 lives. Volunteers make up 95% of the charity, including 4,700 volunteer lifeboat crew members and 3,000 volunteer shore crew. Additionally, tens of thousands of other dedicated volunteers raise funds and awareness, give safety advice, and help in our museums, shops and offices.

'Call My Bluff' at Honiton U3A tea

ON a sunny day in August the Honiton U3A met at Offwell Village Hall where members joined together to celebrate summer with a traditional cream tea.

More than 50 members were welcomed by the chairman, Janet Driscoll.

The afternoon began with a quiz based on the popular TV show *Call my Bluff*, devised by the programme secretary, Susan Unsworth. Three of the most 'honest and trusted' U3A members, Janet Driscoll, Stuart Raine and June Brown, formed the panel and claimed that each definition that they gave for 20 diverse words such as 'Feringghee', 'Udal', 'Wacke' and 'Ugsome' were in fact TRUE and not BLUFF. Top honours went to two tables, one headed by Hilary and Howard Lyne and the other by Jack Clarke and Brenda Miller, both getting 14 out of 20 correct. The prize for both teams were boxes of Smarties for being such 'Smartie Pants'!

The quiz was followed by a cream tea and the afternoon concluded with a free prize draw.

On behalf of members Doreen Lomax gave a vote of thanks to the committee for putting on a splendid afternoon of entertainment and delicious fare.

Axminster new-build

■ AS Donald Trump might say: 'The good people of Axminster are being played for a bunch of suckers'.

The threat of legal action against local builders for avoiding their contractual obligations raises a number of questions:

*How, when their reputations were known, did any of them get planning permission in the first place?

*How, when they broke their contracts and their houses needed multiple repairs (and in one case demolition) both during building and after sale, did they get permission for further building?

*How many newly-built houses have come back rapidly onto the market?

*How many builders train and employ their own craftsmen, or is most building work sub-contracted to tender?

Axminster people are represented by three councils, an MP, ministers with responsibilities for housing, planning and local government and an array of professionals paid for from their taxes. Why can no-one solve our problems? Is the planning process as transparent as it should be?

Axminster is developing a reputation for poor-quality housing – how will this affect the future of our town?

Does anyone care?

ROGER D'ALBERTANSON,
Axminster

South Petherton Carnival

family fun day 4th september • carnival parade 10th september 2016

IT'S CARNIVAL TIME IN SOUTH PETHERTON!

SOUTH Petherton Carnival first started around 1952, and has been running with a few gaps since then.

It is one of the first in the Autumn, and often floats will just turn up as a practise run for the later Carnivals.

We have crowds coming to watch the Carnival procession, and then they wander up to the recreation ground to visit the Fun fair.

Carnival week begins on Saturday September 3rd with Race night in the Brewers Arms at 8pm.

Sunday 4th September is a Family Fun Day at the Recreation ground 1-5pm. Lots to see and do such as The Owl display, Bouncy Fun, Vintage tractors and kit cars, tea and cakes, Hot dogs, Stalls and Car boot which are pre bookable only, and lots more.

Followed on Sunday evening by Quiz Night in the Brewers Arms at 8.30pm

Thursday 8th September is Cash Bingo at the Sports and Social Club at 7.30pm

The Carnival Draw has some great prizes, such as £100 first prize, tickets for Yeovilton and Berrys Coaches, champagne from the Champagne Case at Lift west, all kindly donated. Raffle tickets can be purchased from the Social club and Brewers Arms.

Friday tea time there is a Childrens Party come and meet the Minion at the Youth Club, and at last Carnival Day Dawns, hopefully bright and sunny. Come and visit the brilliant photographic exhibition in the Blake Hall, and add to the mile of pennies in St James Street.

At last the Carnival procession from the

Recreation ground at 7.30 pm, roads close at six thirty so arrive early, maybe have a pint at the pub, or a burger or hot dog outside, visit Fun fair at the Rec after the procession.

Our Carnival week is Sponsored by local businesses and we couldn't have such a great time without their help, and raise thousands of

pounds, which all goes to local groups and good causes.

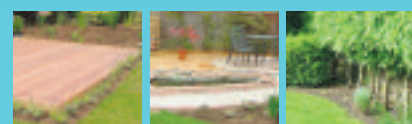

Come and visit us have tea and cakes, do some shopping, visit our beautiful church and pick up a Carnival programme at the pub, looking forward to seeing you, or find us on Facebook at southpethertoncarnival.

Clinical Hypnotherapy Samantha Davey

Do you have a fear or phobia holding you back in life? Do you have a phobia that overwhelms every aspect of your life?

Whatever your issue – and however long you've lived with it – you don't have to suffer; there are solutions.

PHOBIAS frequently begin in childhood or adolescence often as a result of a specific traumatic event, or learned from parents or siblings. The good news is that anything learned can also be unlearned. Samantha Davey, a registered hypnotherapist says "I help people overcome a wide range of phobias – everything from fear of flying, to fear of vomiting, to fear of public speaking. Whatever your phobia, you can be reassured of a sensitive and understanding approach."

Hypnotherapy is a safe, enjoyable and proven therapy that often leads to rapid results. Simple phobias can usually be resolved quite quickly, complex phobias may take longer. Letting go of your phobia can lead to transformation in many areas of life; beginning hypnotherapy could be one of the most empowering decisions you ever make.

Samantha offers a friendly, professional and supportive service in Seaton and Axminster. To book a free confidential consultation with no obligation call 07809 447720, or email info@hypno4freedom.co.uk

Therapy of the Month

Osteopathy with Elizabeth Clayton

Osteopathy is a safe and natural therapy and can help people of all ages.

Elizabeth Clayton is an experienced Osteopath and is now working from Axminster Health & Wellbeing Centre.

She is often asked to help people who are in pain. She usually discovers that the client's muscles and joints are out of balance. An out of balance frame can also affect nerves and other structures such as lymph and blood vessels. Elizabeth's aim is to relieve symptoms by releasing tension throughout the body thereby restoring balance.

Osteopaths consider the whole body when assessing why you are in pain, how it could be relieved and how the symptoms might be prevented from recurring.

This is why Elizabeth might treat your upper back as well as your lower back when you say you have low back pain. Osteopathy is also about empowering you to help yourself. Elizabeth teaches you how to use your body more efficiently, how to stretch or strengthen muscles, what general exercise would suit you, how to sit correctly and so on. Elizabeth aims to give you ways to stay mobile and comfortable, and to generally feel better.

When the presenting problem has settled down, you may find that follow-up treatments help you maintain the improvements and feelings of wellbeing.

For an appointment with Elizabeth please phone: 01460 220854 or 07773 122832

Reflexology with Barbara Bell

Reflexology is an ancient healing therapy, derived from Eastern philosophy, which focuses on stimulating "reflex points" on the feet (or hands).

The rationale for the efficacy of reflexology is believed to be the result of stimulation of the circula-

tory, lymphatic, and nervous and energy systems which connect throughout the body and which are in a constant state of communication.

The holistic nature of reflexology lends itself to help treat a wide and diverse range of disorders ranging from emotional stress to muscle and structural pain.

Precision Reflexology is a unique, gentle form of reflexology. In addition to massage and stimulation of specific points it uses a linking technique where two or more reflex points can be linked together increasing the power and holistic nature of the treatment.

Reflexology is suitable for people of all ages and there are very few contraindications. Only shoes and socks need be removed and the client lies in a special reclining chair for a deeply relaxing experience.

Contact Barbara Bell to book your treatment 01404 831173 or barbreflexology@btinternet.com

Axe Valley Counselling Anne Roberts

Relationships: Managing difference

SO WHAT happens in relationships when we have what seem to be major differences – of interests, energy or opinions? The initial attraction and intimacy of a couple, made vulnerable or eroded by work, raising children or financial concerns, can lead to resentment and frustration.

Hurt, anger and intolerance can surface and then solidify into a distance which can feel impregnable. The author Maya Angelou suggested we are more alike than unlike, and if that is so, how can you regain that feeling of mutuality and intimacy? How can we close the distance between us?

The fundamentals of any relationship are loving kindness and respect. The desire for love, companionship, understanding and feeling valued, are needs we all have in common, and when actively pursued and given, can bring us back to a state of acceptance, appreciation and harmony. If you would like help to make changes, contact me, Anne Roberts, Counselling South West, on t: 01297 301035 m: 07887 961954 email: info@couplecounsellor.co.uk www.couplecounsellor.co.uk

Stress describes the feelings people experience when the demands made upon us are greater than the ability to manage them

HELPING you to take control of your life.

Stress describes what most people experience when the demands made upon individuals are greater than the ability to manage them. People can feel overloaded, under tremendous pressure and feel tense or emotional.

Stress affects everyone, young and old and is a completely normal reaction that will be experienced by everyone from time to time when faced with new or challenging situations.

External stressors are sources of stress that we are aware of around us, these can include traumas, life experiences or simply daily hassles. Internal stressors are the sources of stress that are inside us and are often the most common sources of stress. They are the thoughts and feelings that pop into the head and cause unease, these can include unrealistic expectations, uncertainties, low self esteem and apprehensions.

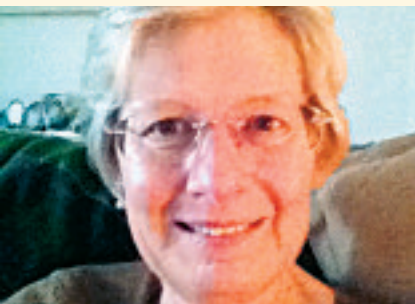

The work place is also known to be a big influence in stress. A study found that more than half of people in work suffer from stress over a period of a year, and statistics show that a quarter of workers have taken time off sick due to stress and that stress is the leading cause of sick leave. Common causes of stress at work include: workloads, long hours, responsibilities, role expectations, bullying or harassment, lack of job security, poor working environment, and lack of support.

Stress can manifest itself as many different symptoms, ranging from physical to psychological and behavioural, and people may experience these to varying degrees. Physical symptoms can include: increased heart rate, sweaty palms, muscle tension, sleep disturbance, fatigue, vomiting, change in breathing patterns, dry mouth, headaches, nausea or dizziness, indigestion or heartburn and sudden weight loss or gain. Psychological symptoms can include anxious thoughts, irritability, low self esteem and confidence, inability to concentrate, feeling fearful, feeling unable to cope, difficulty making decisions, feeling negative and lack of interest in life, feeling alone, loss of creativity, withdrawal, frustration and confusion. Behavioural symptoms can include interrupted or lack of sleep, use of drugs or alcohol, a change in appetite, avoiding situations, changing habits, nail biting, teeth grinding, neglect of physical appearance, lack of com-

munication, putting off difficult jobs and giving excuses.

The first step in helping to manage the stress that you experience is to recognise what is happening is a natural response, then changing it. Michelle Hague is here to help you take control of your life.

Clinical Hypnotherapy can help to reduce stress and cognitive behavioural therapy and mindfulness have all been used to treat it. For more information or to see if Michelle can help you call 07761773563.

Podiatrist / Chiropodist Lindy Parry

I HOLD my private chiropody clinic at Townsend House Surgery in Seaton.

I offer a range of treatments from a simple nail cut to nail surgery, and each treatment plan is priced accordingly.

The nail cutting only service is a shorter appointment and is ideal for those that don't have any other foot care needs. Others like to alternate nail cuts with chiropody treatments as it best suits their requirements. I always aim to work with the patient to find the best treatment plan to suit each individual. Patients feet are then monitored during treatment so that changes can be made should the need arise.

Diabetic patients who attend for chiropody will also have a diabetic foot assessment carried out during their first treatment, and will then be monitored and reassessed as necessary.

My chiropody clinics are available to anybody seeking help with their feet and Townsend House and I look forward to welcoming you.

Bookings can be made by calling 01297 22956.

Traditional Acupuncture Val Davis

Acupuncture can improve and maintain health and energy and enhance a sense of well-being

ACCORDING to traditional Chinese philosophy, our health is dependent on the body's motivating energy (qi) moving in a smooth and balanced way through a series of channels beneath the skin.

Acupuncture can affect the quality of qi, your body's vital energy, by the insertion of very fine needles into specific points along these channels. This stimulates the body's healing response and restores natural balance. Treatment is aimed at the root cause of your condition as well as your main symptoms. This approach helps with resolving your problem and enhancing your feeling of well-being. You may notice other nagging problems resolve as your main health complaint improves.

The type of conditions that I mostly see in my clinics include the following: arthritis, back pain and sciatica, poor circulation, low energy levels, hormonal/menopausal symptoms, pregnancy management, fertility problems, weight management, and addictions such as smoking. However, you don't have to be ill in the conventional sense to benefit from acupuncture, sometimes people come to see me because they are feeling low, unwell in themselves, or maybe not sleeping as well as they would like to.

Professional Acupuncturists spend at least 3 years training at degree level to become an Acupuncturist. We are then entitled to join the British Acupuncture Council and to use the letters Lic.Ac., B.Ac.C after our names. We also have public liability and professional indemnity insurance. Many of us have also studied at post-graduate level and are constantly updating our skills and experience.

So, why not give me a ring and see if I can help.

Bowen Therapy & Energy Healing Melanie Philip

HORMONES PLAY OUR LIVES LIKE INSTRUMENTS!

EVERY woman I know wants to enjoy strength, vitality, and vigour. She wants to maintain optimal health, radiant skin and luxurious hair. She also wants to stay physically active & vital, and still be able to think clearly and remember facts and events. That's where hormones come in.

Your brain is not your only source of intelligence. If you think of your entire body as a large brain imbued with incredible intelligence, you'd be closer to the truth. And your hormones are the chemical messengers that keep the whole system adapting to your world moment to moment. Being able to influence your hormones with understanding and wisdom gives you a strong edge for adapting to a world that is radically different from the one in which our bodies evolved.

Energy Medicine is a major key for bringing that understanding and wisdom to the functioning of your hormones. Your body is a latticework of subtle energy fields, all of which impact your physiology, and hormone production can be directly influenced by moving energies in your body. This demonstrable fact allows you to have control over your health and mood in ways that other cultures have understood but ours has not.

The two most important ideas that Energy Medicine address are;

- 1) For almost every health condition a woman faces, hormonal imbalances are in the foreground or in the background, and
- 2) You can influence your hormones and improves your health, happiness and vitality by using energy techniques that are accessible and easy to learn.

To learn more about these potent energy techniques and to receive a 40% discount off your first 90 minute Treatment including a full Energy Assessment, call Melanie 07715-952896

West OF England Laser Centre

COSMETIC EYELID SURGERY (BLEPHAROPLASTY)

Ageing is often most noticeable around the eyes, with excess fat and/or loose eyelid skin producing puffy, "baggy" eyelids and a tired, older appearance. Eyelids may feel heavy and/or interfere with vision.

Surgery to the eyelids to remove unwanted skin and/or fat, "blepharoplasty", can result in significant improvements, rejuvenating the eye

and face and producing a fresher, younger - yet still natural appearance.

The excess skin and fat is surgically removed usually from the outside, using natural skin creases, leaving no visible scar. Surgery is performed under general or local anaesthetic, takes 1-2 hours and can be combined with laser skin resurfacing, or injection treatment, to remove facial lines.

Improvement in the appearance is significant but subtle and the usual response from friends (who are "not in the know") is... "you look well" and "not so tired."

Surgery is performed at Nuffield Health Taunton Hospital by a Consultant Oculoplastic (Eye) surgeon who specialises in plastic surgery around the eyes and who also holds an NHS consultant post. In addition the Consultant is highly experienced in the use of lasers for other skin problems such as the removal of fine lines/wrinkles, birthmarks, age/sun spots, moles, threadveins, excess hair and tattoos.

Our website at www.welc.co.uk provides details on all our treatments. For further information or to book a consultation please telephone 01823 331773 or e-mail us at lasercentre@lineone.net.

Tired looking eyes - Need a lift?

Dark circles, puffiness, wrinkles and creeping of the skin can all make you look (and feel) old and tired. The West of England Laser Centre located at the Nuffield Hospital Taunton offers various treatments to revitalise and rejuvenate your appearance.

- Injectables Restylane & Muscle relaxants
- Blepharoplasty (eyelid surgery)
- Laser Skin Resurfacing

Be reassured that all treatments are performed by a consultant Oculoplastic Surgeon (Surgeon who specialises in plastic surgery around the eyes)

Eden Gardens Development

Eden Garden Fencing and Landscaping

AT EDEN Garden Fencing and Landscaping based in Seaton, Devon we have been building and installing quality Fencing, Gates and Decking, along with Landscaping, for some 15 years. This makes finding a Fencing Contractor simple by providing for all clients' requirements, large and small locally. The timber products side of Landscapers, Eden Garden Developments, offers a friendly, professional, integrated service and the Seaton, Devon base covers a 30 mile radius.

A timely example, given the present gusty conditions, is Garden Fencing, where this can be replaced or repaired, depending upon condition and the budget available. This can be either Close Board, Panel (with or without Trellis), Post and Rail or Picket Fencing. Eden Garden Fencing and Landscaping also supply and fit Gates (see insets).

Whilst we take pride in installing robust and durable fencing products, "cost leadership" is still at the forefront of the business, whilst keeping quality and the principles of design foremost. Much of the work can be done during Autumn and Winter when the ground is less compacted and this time is also perfect for renovating the garden generally. So by Spring many garden improvements can be ready to be enjoyed.

There is now a dedicated Timber Products website, www.edengardenfencing.co.uk, giving examples of the range and quality of workmanship. Additionally, information can be obtained by calling 01297 23596 (mobile 07977 415446) or visiting the general web pages at www.a1-environmental.com

WHAT TO DO IN THE GARDEN THIS WEEK:

By Hannah Stephenson, Press Association

- Pinch out the tops of outdoor tomatoes as any further flowers developing now will not form ripe fruit before autumn.
- Finish summer pruning apple trees.
- Trim back laurel hedges to remove complete shoots.
- Pick dahlias regularly and continue tying in stems to their supports.
- Make sure camellias don't dry out as they will be forming flower buds now to bloom next spring.
- Prune rambler roses when they have finished flowering.
- Earth up trench celery to blanch stems
- Water apples, pears and other fruits to help in crease their size.
- Remove suckers from the roots of roses and other fruiting trees.
- Keep the greenhouse well ventilated, opening doors and windows during the day but closing them on cool nights.

self-clinger with lacecap heads of creamy-white flowers in summer and will lighten up a shady wall, while *H. paniculata* 'Grandiflora', produces large conical heads of white flowers that flush pink with age in late summer and early autumn. The flowers are also good for drying. Hydrangeas prefer fertile, humus-rich, moisture-retentive soil in partial shade, sheltered from cold, dry winds. Leave the flower heads on them over the winter, which will protect emerging new shoots. Then, in late winter, cut back all sideshoots to within 5-8cm of the main stems.

Greenshutters Nurseries & Garden Centre

GREENSHUTTERS Nurseries & Garden Centre is a family run business nestled in the heart of the Somerset countryside. It is open 7 days a week and stocks an extensive range of plants. The Garden Centre has completely changed in the last few years with the layout being completely re-designed. There are new entrances from the road and into the Plant Area and the old-fashioned wooden greenhouse has been restored to its former glory with its bright, white painted wood. Most of the plants are now on tables so you don't have to bend down to look at them and the layout has been designed to make the walk around the plant area enjoyable.

This year Greenshutters Garden Centre is stocking a much larger range of herbaceous perennials and roses, including new and unusual varieties. There is also a new range of quality garden benches dotted among the plants, so you are welcome to wander around the garden centre and take a rest as you go. You can even sit and enjoy the view over Taunton Vale and the Quantocks.

The business also incorporates EVERGREENHEDGING.co.uk, one of the largest stockists of evergreen hedging plants in the country. Thousands of plants are grown every

year on the nursery from small to large, mature hedging plants; the best sellers being Laurel, Leylandii, Photinia 'Red Robin' and Portugal Laurel. These are delivered locally or nationwide or can be collected from Greenshutters Nurseries and Garden Centre.

Greenshutters is run by Dr Roger Eavis, who bought the nursery in 1998 and the business has grown steadily every year since then. "We pride ourselves on good customer service and advice, good quality plants and I hope we have created a pleasant place to wander and enjoy the plants," says Roger, "We have a great team of staff who are always willing to help and give advice". Greenshutters Nurseries and Garden Centre is well worth a visit.

For more information visit their website at GREENSHUTTERS.co.uk or follow them on Facebook at [Facebook.com/GreenshuttersGC](https://www.facebook.com/GreenshuttersGC).

WHAT'S HAPPENING AT ILMINSTER ARTS CENTRE THIS SEPTEMBER

WITH that 'back to school' feeling in the air, the Arts Centre has a fantastic new programme of arts and crafts workshops starting this September to satisfy your yearn to learn. Why not sign up for a course of water-colour workshops with

with Abigail Willis

artist Nicky Clarke? Nicky is a brilliant teacher, and her classes are popular with beginners and developers alike, with Nicky sharing lots of great tips and insights. Wildlife artist Linda Hampson will be starting a new course on drawing animal in pastel pencils; each week covers a different animal. Start to Draw is a new class led by artist Shena Bulcock exploring the observational and technical skills involved in draughtsmanship. Budding painters can also discover the versatility of acrylic on Shena's Acrylic Painting course. Our one-day workshops offer the ultimate creative day out, with subjects including Wire Sculpture, Book Binding, Collagraph Printing, Felting, Crazy Patchwork and Quilted Fabric Bags. Our self-tutored Clay Sculpture group meets every Monday and is open to all, while informal Jazz Jam sessions take place every couple of weeks.

In the Gallery our new season of exhibitions starts with a display by Three Painters and a Sculptor, the painters being Vanessa Smith, Frances Dale and Marion Sawl, with clay and bronze resin sculpture by Stephanie Hobhouse. All share a love of colour and a profound sensitivity to their respective subject matters. Until September 10th.

Textile Expressions showcases exciting new work by an internationally acclaimed group of contemporary textile artists. The exhibition is all about getting expressive with textiles, via different techniques and combinations including quilting, embroidery, and mixed media. Show runs September 10th to October 1st.

This month's music line up is both sophisticated and sunny, and we are excited to be welcoming the John Law and his Quartet on Friday 9th. John has been hailed as 'one of this country's most imaginative young pianists' by The Times and his brand of adventurous contemporary jazz is well worth hearing. On Friday 23rd Digby Fairweather and his Half Dozen return with their award-winning feel-good jazz and upbeat performance style. A great night out but you'll need to book quickly as this gig will sell out quickly. Double-bassist Dominic Howles and his Septet bring the month to a richly musical close on Friday 30th; double bassist Dominic is well known on the Bristol and London music scenes and the band's latest album Bristolian Throroughfare has been critically acclaimed.

Our autumn fundraiser on Saturday 17th is an evening of Italian themed food and entertainment. Tickets cost £18.50 with all profits going to support Ilminster Arts Centre, which is a registered charity.

For information on all events at the Arts Centre, pick up the new brochure, or see www.themeetinghouse.org.uk.

Premiere draws near for Testudo

IN JUST three weeks time 'Testudo Musical' are once again bringing a brand new original musical show to their Seaton stage at 'The Gateway' next month from the 14th to 17th September.

Directed, Written and composed by their Musical Director Michael Redston (who gave them the hit show 'Rude Rector' a few years back) "Midsummer Nightmare" is a magical tale of love, treachery and intrigue where real life and the plot of a Shakespeare play somehow become intertwined. The music is a wonderful mix of beautiful ballads, rock songs and a touch of Folk which help to tell the story throughout. Set in a college the teenage cast members play a huge part and have some great songs...Imagine "Phantom of the Opera meets High School Musical or Glee" and you have the flavour of the show. The cast of over 30, are deep in rehearsals and working hard to bring this genius of a show up to their usual professional standard.

The teenage leads are Jess Hill, Joe Sutherland, Holly Stock and Ben Malone who play the

Lovers in the midst of the drama. Cai Sutherland plays Robbie the M.C. and organiser of the Summer Ball which doesn't exactly go to plan. A mystical character called Nameless is beautifully portrayed by Jodie Licinio and a harmonious singing trio called The Fly By Nights features Naomi Ellyn, Victoria Rose and Rosie Manley. They, with some popular more mature thespians such as Nick Young, Phil and Val Christmas, Ian Craig and Mary Bowles, amongst others, promise to give you a show to remember! Who knows, when it hits the West end you could say "I was one of the first to see that"!

Canadian duo's tour heads to Colyford

MADISON VIOLET have announced a 10-date UK tour – including a date in Colyford – ahead of the Canadian duo's new acoustic release later this year.

For Madison Violet, it all began in 1999 during a chance meeting at a restaurant in Toronto, over a thousand miles away from the small town where both Lisa and Brenley's fathers were born. That was nearly 17 years ago, and the pair have been writing and creating beautiful music together ever since.

Over the past decade, the pair have taken to genre-bending, moving effortlessly from folk to pop to electronic to Americana.

During their last 2 extensive tours of Europe,

Madison Violet introduced a newer, bolder sound; one that came from their album 'Year Of The Horse'. The duo felt an even bigger challenge would be to let the songs speak for themselves, and decided to recreate them in a more acoustic form - what the band consider to be their purest form - which will feature on their upcoming new album, 'The Knight Sessions'.

This new offering from the duo will be both a re-imagining of previously recorded songs and a creation of brand new numbers, inspired by their deep-seeded love of the modern acoustic sound and the human experiences shaping their world today.

With that in mind, Brenley and Lisa decided to start their new adventure by visiting several pawn shops in Toronto, in a quest to find discarded items that they could use to make natural sounds in the studio. They sifted through an island of misfit toys and out of date electronics, and eventually found several instruments and percussive toys. From children's wooden blocks to ukuleles with missing strings, one by one, Brenley and Lisa gave these gems a home, and started working on the new album.

Madison Violet play at the The Bellows at the Wheelwright Inn, Colyford on Saturday, September 17th. Tickets are £13 in advance or £15 on the door.

For more details or to book visit the website at www.wheelwrightinn.com, or call 01297 552585.

Guitars on the Beach ready to rave on in memory of 'Nomad'

THIS WEEKEND'S Guitars On The Beach (GOTB) in Lyme Regis is to be dedicated to the late Gordon "Nomad" Smith, the much-loved local musician who helped establish the popular guitar festival.

GOTB founder Geoff Baker has announced that the event on Saturday, which is to be staged alongside Mark Hix's Food Rocks festival and which will attempt to break its own UK record as Britain's biggest band, will be held in memory of the guitarist, songwriter and film-maker who inspired and helped so many young Lyme musicians.

Nomad, as he was known to everyone in the town, died on New Year's Eve 2013 after a brave battle with cancer. A lifelong professional musician who did much to energise Lyme's music scene, he never got to play at the guitars event that he helped to create.

In his honour, the event's anthem and record-bid song 'Rave On' will be dedicated to Nomad and his old band mates will be performing at the two-day event.

"Without Nomad, there would be no Guitars On The Beach," said Mr Baker.

"When the idea came up for a festival for amateur guitarists, Nomad was the first person I went to for advice of how to make it work. He immediately said that we should play a simple, three-chord song, and he said it should be Buddy Holly's 'Rave On', which has been our anthem ever since.

"Nomad was hugely enthusiastic about Guitars On The Beach, encouraging people of all ages and abilities to pick up a guitar and join in. He was a lion of a man who did so much to help young musicians, from assisting B-Sharp to promoting concerts at the Woodmead Halls and ArtsFest, but sadly he became too ill to play at the first GOTB in 2013.

"It's right and it's fitting that the biggest music event in Lyme's calendar should be dedicated to the guy who probably did more than anyone to boost music in the town.

"This year we will be fund-raising at the gig for Cancer Research UK and one of the main reasons why we picked that charity was our fond memory of Nomad.

"It would be great if everyone who remembers Nomad could support the cause and come down to the beach with a guitar or ukulele or banjo on Saturday to join in with us playing 'Rave On' as a tribute to the music man without whom all of this would not have been.

Mary Anning, the original 'rock' star!

"We are especially pleased that Nomad's old band-mates Bob Brooker, Phil Birkhead and John Hallett will be performing over the weekend with their bands Cosmic Café Lite and Blues Before Sunrise."

The 'Rave On' record attempt on Saturday will be held at 5pm, with the warm-up starting at 4.30pm.

Guitars On The Beach currently holds the UK record for the largest number of guitarists in one band – some 3,000, which was set in 2014 when local star musician Ian Gillan, the lead singer of Deep Purple, led the band on the sand in a performance of his band's classic hit, 'Smoke On The Water'.

Mr Baker said he had "no idea" whether this year's event would set a new record.

"To be honest, I don't know if one hundred guitarists will turn up, or one thousand or five thousand. But it doesn't actually matter because the whole point of the event is not to get into the record books – the point is for everyone to pick up a guitar and join the band.

"People are coming from all over the UK to take part, some of them are dressing up in fancy dress on local themes, like as The French Lieutenant's Woman or as fossil hunter Mary Anning, the first rock star.

"It doesn't matter if you're a beginner or an accomplished guitarist. Just learn the G, C and

D chords and you'll be able to play along."

The event will include tributes to rock heroes who have died this year. The Eagles' Glenn Frey will be remembered when The Seagulls house band performs 'Take It Easy' and there will also be another play-along tribute to the late David Bowie with a massed-guitar performance of his hit 'Rebel Rebel'.

The event is also in memory of Buddy Holly and will be held just days before what would have been the rock and roll pioneer's 80th birthday on September 7th.

The giant band will also be performing the beach classic 'Under The Boardwalk' – on which they will be led by Kenny Young, the Grammy Award-winning songwriter who composed the song which was a huge hit for The Drifters.

The Saturday show, which will end by 7pm, will also see the raffling of star guitar prizes, including a Stratocaster signed by Ian Gillan.

The main raffle prize is a Fender acoustic signed by Sir Paul McCartney and featuring a unique and original drawing by top UK contemporary artist Tracey Emin.

The event, which will be held on the main beach on Saturday and Sunday, is primarily sponsored by Bournemouth guitars megastore Absolute Music and Blackstar Amps. Both sponsors will be providing special prizes to be won on the Saturday.

Other sponsors include: Axminster Garden Machinery, Axe Music, C.G. Fry & Sons, Creative Solutions, John Hornby Skewes, Limegreen Electrical, Lyme Regis Brewery, Lyme Regis Town Council, Lyme Regis Seaglass Jewellery, Lyme Spring Water, Musicians Insurance Services and Sounds Live.

The event will be hosted by former Lyme schoolboy and publican John Govier, famed for his years as the top DJ on BBC Radio Devon.

"One of the best things about Guitars On The Beach is the many local organisations and local bands who get behind it," said Mr Baker.

"All of us organisers are delighted that our musical director, Lyme lad Brian Street, has put together a programme featuring so many young local musicians, including superb singers like Grace Gillan and Shannon Turner, the master guitarist Adam Sweet and Ollie Harris, who will be this year's Buddy Holly, leading us all on the record-bid songs.

AS IN previous years, with the exception of Acoustic Night, August has been a month without music at The David Hall. This has enabled us all to recharge our batteries and in my case, to listen to and research loads of music and artists.

The January to June programme for 2017 is now complete and to give you an early flavour it will include Paul Jones and Dave Kelly, Steve Knightly, Martin Simpson, The Phil Beer Band and The Peatbog Faeries, to name just a few. Also, let me take this opportunity to give you early notice that next year's Petherton Folk Fest will be on Saturday, 17th June.

That's enough about next year as this Autumn's David Hall line-up is really exciting and some of the gigs are almost sold out! For example - at the time of going to print, there are just eight tickets left for the St Agnes Fountain performance on Saturday, 10th December! Luckily, they will also be performing on Friday, 9th!

Our brilliant Autumn programme starts on Saturday 3rd September with a return visit from the young, multi-award-winning trio, Moore Moss Rutter.

Tom Moore, Archie Churchill-Moss and Jack Rutter are musicians who are reworking traditional native English tunes and songs into something more contemporary. This trio is fantastic live and is yet another group who prove that Folk music is safe in the hands of a new generation of artists who are spreading the appeal of this fantastic music to a very new audience.

Lovers of classical music will be pleased to know that, Sunday 4th September, we shall have a return performance from The Divertimento String Quartet as part of their Grand Tour. This concert will include pieces by Grieg, Tchaikovsky and Mendelssohn and commences at 3pm.

On Saturday 17th, we will welcome one of the country's truly great bands when The Acoustic Strawbs return for the fifth time, after an eight-year gap.

Formed in the late 1960's by Dave Cousins, The Strawbs now feature Dave as well as Chas Cronk and Dave Lambert, who joined the band in the early 1970's. They are as good live now as they were then, and have built a massive fan base that covers all generations.

The Strawbs continue to release top-quality new material, as well as their wonderful 20-plus CD back catalogue. The band's vocal harmonies at this stage of their career are tighter and soar higher than anything Crosby, Stills and Nash ever did. Great to have them back – do not miss this chance to see this truly legendary band!

After one legendary group, on Friday 23rd September we shall have the first-ever visit by The Home Service, the eight-piece band formed by John Tams in 1981. This group is now fronted by the multi-talented John Kirkpatrick and features some of the finest musicians you will ever see. The brass section alone is 'to die for'!

Their gig will feature tracks from the brand new album, A New Ground, which I rate as one of the finest Folk/Rock albums released for a very long time. Their 1980's release, Alright Jack, is without doubt one of my all-time favourites. A recent review says: 'The very mightiest of sounds that could grace any stage, with nothing remotely comparable in the Folk/Rock arena in terms of maximum visceral and emotional impact.'

I am really excited about this gig and the only concern I have is fitting them all on our stage! This is a unique opportunity to see this fantastic band in our "Small Hall with the BIG reputation"!

Happy listening! - and I look forward to next time when I will once again give you details of another month of quality and varied music.

All the best - Pete Wheeler, Petherton Arts Trust

5 TIPS FOR GOOD LIGHTING

1. LIGHTING should be at three levels in a room - the floor, walls and ceiling, so think about all three. Plan your scheme in advance - if you're having electrical work done, make sure the sockets are fitted where you want your table and floor

lamps, for example.

2. Lighting can be much more creative and useful than just an overhead light in each room. In bedrooms, do you want wall lights over the bed for reading, or will bedside lamps do? Don't for-

get wall lights in the bathroom, perhaps for creating a relaxing atmosphere when you're soaking in the tub, and on either side of the mirror for shaving and applying makeup. An illuminated mirror is another option.

3. Target lighting, especially in kitchens, can be both practical and attractive. Consider fitting statement pendant lights low over a kitchen island unit or dining table for a fantastic feature and, often, a softer way to light the room than with spotlights. If you enjoy cooking, lights to illuminate the kitchen worktops (fitted under the wall units) may work well, and think about having strip lights along the wall units and/or kick boards for a dramatic effect.

4. If you're doing major building work, such as an extension or loft conversion, you may be surprised how early you need to decide on the position of everything electrical and the number of sockets, spotlights, switches, etc. In both extensions and loft conversions, recessed spotlights are often fitted throughout and although they're

not the cheapest, it's a good idea to request LED bulbs. Some electricians and builders fit LEDs as standard, but not all, and some building control inspectors insist that LEDs are fitted, but again not all. LEDs are much cheaper to run than conventional bulbs and usually last much longer. They'll also improve your home's Energy Performance Certificate (EPC) if you ever decide to sell or rent out your home, so they're well worth investing in.

5. In rooms with lots of recessed spotlights, ask your electrician to zone them so each zone (sitting area, kitchen, dining area, etc) is on a different switch, which will give you more flexibility and control. You may also want dimmer switches so, again, the lighting's fully controllable and you don't have to sit and relax in bright overhead light. Another thing to consider is the colour of the LED bulbs because it will make a big difference to the overall effect - I recommend warm white bulbs for a cosy glow.

Kia launches its first plug-in hybrid, the Optima PHEV

KIA'S mission to lower the average CO2 emissions of its range by 25 per cent before the end of the decade is given a boost with the launch today of the company's first plug-in hybrid model, the Optima PHEV. It is priced at £31,495 after taking into account the Government's £2,500 plug-in car grant.

With a range of up to 33 miles in all-electric mode, the Optima PHEV is able to complete many regular urban commuter runs with no tailpipe emissions, while its CO2 figure of just 37g/km means company car users pay just 7 per cent benefit-in-kind taxation in 2016-17.

The Optima PHEV combines a 154bhp 2.0-litre direct injection petrol engine with a 50kW (67bhp) electric motor powered by a 9.8kWh lithium-ion polymer battery pack. The electric motor replaces the torque converter in the smooth-shifting six-speed automatic transmission. When working together, the combustion engine and motor generate 202bhp and 375Nm of torque.

A package of aerodynamic, styling and technology features contributes towards the Optima PHEV's low CO2 emissions and potential fuel economy of up to 176.6mpg while ensuring it is

instantly recognisable as the high-efficiency model in the Optima range. The most significant aerodynamic change is an active air flap grille which lowers the car's drag co-efficient (Cd) to 0.25 when closed. The neat integration of the batteries behind the rear seat and in the spare wheel well, along with a 15-litre reduction in the car's petrol tank, means the Optima PHEV is still able to offer a generous 307 litres of luggage space.

Comprehensive standard specification

The Optima PHEV is a unique, extensively equipped stand-alone model in the Optima range. Naturally, such a technologically advanced member of the Optima family comes with a comprehensive range of standard connectivity and advanced driver assistance features, including an 8.0-inch touchscreen navigation system with European mapping, Android Auto and Apple CarPlay (available later in the production run), Kia Connected Services powered by TomTom®, a wireless mobile phone charger, a 270° around-view monitor and a 10-speaker harman/kardon Premium Sound audio system with Clari-Fi technology to restore the sound lost when digital music files are heavily

compressed. Active safety provisions include Electronic Stability Control, Vehicle Stability Management and Hill-start Assist Control.

The Optima PHEV also features 17-inch alloy wheels shod with 215/55 R17 tyres, LED daytime running lights and headlights – the latter with automatic levelling – welcome and follow-me-home lighting, black cloth and faux leather seats with four-way powered lumbar adjustment on the driver's side, front and rear parking sensors, a reversing camera integrated into the navigation screen, dual-zone automatic air conditioning, a leather-trimmed steering wheel and gearshifter, steering wheel mounted controls, all-round electric windows, cruise control with a speed limiter, remote central locking and an electronic parking brake.

Uniquely in the Optima range, it has bespoke low-drag front and rear bumpers, the active air-flap grille, a blue tint to the headlights, blue chrome trim on the lower front air intake, upper grille and side sills and the exclusive navigation screen with a series of menus which help the driver to achieve the highest possible range in EV mode.

Market, warranty and after-care

Hybrid sales in the UK and mainland Europe have doubled over the past five years and are expected to reach 700,000 a year by the end of the decade. The Optima PHEV ensures Kia is perfectly positioned to take advantage of this growth.

In keeping with every Kia, the Optima PHEV comes with the company's unique-in-the-UK seven-year or 100,000-mile warranty, subject to certain wear and tear conditions. The

warranty is fully transferable should the car be sold before the time or mileage limits have been reached.

The car is available with Kia's Care-3 and Care-3 Plus servicing packages, offering retail customers fixed-cost, inflation-proof servicing for the first three or five years. All work is carried out by trained technicians using genuine Kia replacement parts and specified oils. All packages cover the car, not the owner, so are transferable should the vehicle be sold.

Dacia serves up some great offers on a 66-plate

DACIA is giving car buyers even more of a reason to choose its award-winning range with a host of enhanced customer offers – just in time for the new '66'-registration.

With its latest finance offers, the 'shockingly affordable' brand is increasing its deposit contributions on its affordable Dacia Dimensions finance scheme to £650 and £750 on the Sandero and Sandero Stepway respectively. The Logan MCV and the Duster also continue to be available with customer deposit contributions – £500 for the versatile estate car and £750 for the rugged Duster SUV.

The Dacia Dimensions PCP offers are available on all trim levels (excluding Access) and continue the 'no-nonsense' brand's approach to offering its customers outstanding value.

In addition, customers who take advantage of the Dacia Dimensions PCP offers also enjoy the reassurance of five years' care-free motoring with a complimentary five-year/60,000 mile warranty on their new Dacia – a free upgrade from three

years/60,000 miles, worth £395 when bought separately.

Winner of the What Car? 'Best Small Car for less than £12,000' for four consecutive years, and the lowest priced new car on sale today, the popular Sandero five-door hatchback can be purchased through a four-year PCP package from £94 per month with a deposit of £5771. This offer applies to the 1.2 Ambiance version, which as standard includes Bluetooth™ and USB connectivity, electric front windows, remote central locking, daytime running lights and ESC/ASR (Electronic Stability Control & Traction Control).

Stylish and well-equipped, the five-door Sandero Stepway crossover is available from £104 per month after a customer deposit of £1,451. Also a four-year PCP, this particular offer is available on the Ambiance TCe 90 version that boasts such features as integrated satellite navigation, MP3-compatible CD player with Bluetooth™ connectivity, electric windows, parking sensors and air conditioning.

The UK's most affordable new estate car and winner of the Family Car category in the Auto Express Driver Power 2016 Awards, the Logan MCV can be owned through a four-year PCP offer from £104 per month with a deposit of £1,210. This specific offer is available on the 1.2 Ambiance Logan MCV, the versatile estate car combining a useful boot space of 573 litres with equipment that includes remote central locking, electric front windows, Bluetooth™ and USB connectivity.

Also on a four-year PCP offer, the spacious and comfortable Duster SUV is available from £154 per month with a deposit of £853. This Duster offer is on the Ambiance SCe version, which is powered by a 1.6 115 bhp engine, and as standard includes ESC (Electronic Stability Control) with ASR (Traction Control), 16-inch wheels, height adjustable driver's seat, front fog lights, 4x20w DAB/FM/AM tuner with steering column-mounted fingertip controls, remote central locking, electric front windows, Bluetooth™ and USB connectivity.

For even more peace of mind and representing even greater value, customers can upgrade from the complimentary five-year/60,000 mile warranty to a seven-year/100,000 mile warranty for a one-off fee of just £395 RRP – a saving of £455 over the usual price.

Since Dacia launched in the UK in 2013, the brand has won multiple awards. Notably, it was rated 4th best car manufacturer for ownership satisfaction in the 2016 Which? Car Guide and the Auto Express Driver Power

ownership survey has placed Dacia in its top five best manufacturers for three consecutive years. Dacia was also voted number two in the 2016 Auto Express Driver Power Dealer Aftersales Satisfaction survey, while the Dacia Sandero has been awarded the title of "Best Small Car under £12,000" by What Car? for four consecutive years (2016, 2015, 2014, 2013). The Dacia Duster was also named TopGear magazine's "Bargain of the Year 2012" at launch.

NISSAN CUBE 07 Reg £3700

It's brilliant – A delight to drive. It's Auto, has a tiny turning circle, has Air Con, Sat Nav etc. Central locking, keyless starting. A joy to get in and out with its higher seats. Huge luggage and storage space. Reliable (it's a Micra in disguise). 49k miles, just serviced and MOT'd by Hamiltons of Sidford. Reason for sale – I'm getting a silver one. Based in Membury I can arrange viewing in Axminster. More pics and info **07740 858500** or **dorsetlamb@gmail.com**

Somerset bidding to reach cup final

Vickery ton helps Ilminster unlock Keys – Chard shot out for just 55 – North Perrott to host final

WITH the Cidermen...

CRAIG Overton celebrated being awarded his county cap by former colleague Alfonso Thomas with his maiden first class century but Somerset failed to defeat Hampshire in the county championship clash at Taunton last week writes *Howard Larcombe*.

Roelof van der Merwe also struck his first ton for the Cidermen as the pair's 217-run stand broke the county's record eighth wicket partnership in the Championship which had stood since 1983 when Ian Botham and Viv Richards put on 172 against Leicestershire at Grace Road.

But Somerset couldn't take 10 wickets on the final day and the south coast county held on for a draw.

Scores: Hampshire 1st inns 338 (S.Ervine 103, R.McLaren 61; J.Leach 40.5-4-108-6, R.vd Merwe 36-5-99-3) Somerset 1st inns 587-8 dec (C.Overton 138, R.vd Merwe 102*, T.Abell 79, L.Gregory 61, J.Allenby 56) Hampshire 2nd inns 254-5 (S.Ervine 106, J.Adams 96) – match drawn.

Somerset have been boosted by the news that former England opening bat **Marcus Trescothick**

has put pen to paper and signed for the county for the 2017 season.

The 40-year-old, who made his debut in 1993, has scored more than 39,000 runs for the county across all formats in his 800+ appearances.

The popular former skipper said on the club's website: "I have made no secret of my desire to carry on playing for Somerset for as long as I can.

"I'm really enjoying my cricket at the moment and I still have the hunger to succeed.

"I am delighted that I will be a part of this Club for another year. It's a really exciting time for the County with the talent that we have coming through and I can't wait to see what happens in the next 12 months."

Somerset took on WARWICKSHIRE at their Edgbaston home yesterday (Monday) with a place in the **Royal London 50-over Cup Final** at Lords at stake. Surrey are waiting for the winners after beating Yorkshire on Sunday.

The hosts chose to bat first and posted a competitive 284 for 5.

WEPL

BRISTOL & SOMERSET
Ilminster v Keynsham

AN UNBEATEN century from opener Charlie Vickery helped hosts Ilminster to victory in a run-laden match at the Rec which yielded almost 500 runs.

Earlier, half centuries from skipper Dan Jarman (58) and James Mitchell (51), saw opponents Keynsham to 242 for 8 from their 50 overs.

Harry Montacute (4 for 63) was the most successful of the Bears attack while James Thomson (2-48) and Dan Vining (2-21) both struck twice.

In addition to Vickery's fine knock, Jonny Warry also batted well making 63 as Ilminster reached 243 for 5 with eight balls to spare.

Fixture: Saturday, September 3rd; Knowle v Ilminster.

Somerset Division
CHARD v BRIDGWATER

A NIGHTMARISH batting performance saw Chard crushed by visitors Bridgwater.

Bridgy won the toss and opted to bat first. They were struggling at 12 for 2 and 74 for 4, but a 65-

run stand for the fifth wicket proved crucial as they escaped to post 215 for 7 from their allotted 50 overs, despite 3 for 27 from Jon Scott and 3 for 35 from Alex Hunt.

Chard's reply was going reasonably well at 18 for 1 but a major collapse was imminent as they were blown away for just 55 in 16 overs with only Harvey Denning (15) reaching double figures with Ian Higgins taking 4 for 20 from his seven overs.

NORTH PERROTT v WELLINGTON

NORTH Perrott remain comfortably placed in fifth place after an impressive five-wicket victory over lowly Wellington at Willis Lane.

The visitors got off to a decent start before James Bartholomeusz was thrown the ball at fourth change and proceeded to return figures of 9-1-35-3 in an eventual total of 183.

'Monkeys' skipper Gordon Whorlow led the reply with 91 before he was run out.

Alex Eckland also struck a fine half-century (59) as the hosts reached 185 for the loss of five wickets in the 48th over.

Fixtures: Saturday, September 3rd; Bridgwater v North Perrott.

Perrott host T20 cup final

NORTH PERROTT Cricket Club are anticipating a decent crowd when they stage the rearranged NatWest U19 20/20 Bash final between North Perrott and Taunton St Andrews on Sunday.

Play starts at 1pm start. Everybody is welcome – there will be a Bar B Que and the bar will be open.

football the opening salvos of the 2016-17 season

Nine-goal Perry Street off to a flier on debut

Keynsham Town 4 Chard Town 0

Toolstation Division One – att 84

TWO goals in each half saw Chard Town given a lesson on the 3G surface at Keynsham as home striker Kyle Box waded in with a first senior hat-trick.

The hosts struck the crossbar early on but Chard held out until the 30-minute mark before Box opened his account.

He nodded in his second five minutes later and the Keys never looked back.

Box completed his triple 15 minutes from time and Matt Brown added number four leaving Chard, who drew a blank for the first time this season, with little to show for their efforts.

Chard Town: Jonathan Hill, Pat Golden, Sam Coombes, Shaun Wells-Burr, Kieran Bailey, Max Westlake, Cian Cabell, Luke Jackson, Matt How-ell, James Boyland, Taoufik Ben Salem. Subs: Adam Cole, Ryan McGuinn, David Duarte.

Next up for Chard is Saturday's visit by HENGROVE ATHLETIC (3pm).

Combe St Nicholas 2 Street Res 3

Somerset League Div One (W)

COMBE St Nicholas let slip a 2-0 lead with just 20 minutes remaining as they slumped to a disappointing defeat at Slades Cross.

All looked good as the Saints, who were missing four key players, led through a Rich Hebditch strike and an OG.

But the visitors battled away to snatch all three points with manager-for-the-day Ivor Hutchings feeling Combe were worth a point.

Combe are set to head north to take on MINEHEAD AFC next Saturday (3pm ko).

Perry Street 9 Tedburn St Mary 1

Devon & Exeter League D3

PERRY Street made their Devon & Exeter League debut in spectacular fashion with a nine-goal trouncing of Tedburn St Mary.

"It looks like a really one sided game, but I didn't think they were that bad, just that we were pretty good, and the goals went in," said Street boss Andy Bond.

Strikes from Steve Every, Sam Bond Tom Perry and Dan Collins had the

hosts away and clear at the interval.

Tedburn should have pulled one back soon after the restart but squandered their chance, and the Mothers went straight up the other end and scored through Collins to end any thoughts of a fightback.

Only just behind was the league's most consistent angler, Graham Field, with 21lb of mainly roach on the short pole to hand from peg 19 and John Dursley was third with a bream and skimmers on the pole and corn for 19lb 6oz from peg 10.

After nine matches Field is still leading with nine points followed by Ashley Tomkins on 12 and Alvin Jones with 15.

Sections: A – Justin Charles (Ilminster) – 15lb 12oz, B – Alvin Jones (County Gardening) – 12lb 7oz.

With one match to go the team have a realistic chance of promotion. The B Team emerged victorious in the annual BAZ TROPHY, played over two legs against Axe Cliff. Whilst they lost the away leg, the aggregate score still favoured the Honiton team.

Last Tuesday a field of 26 took part in the monthly Mixed Draw which is always a greensomes for-mat.

A BUSY week for the Seniors started on Monday with the match team entertaining the seniors of Bridport Golf Club.

Confidence was high after recent successes, but the signs were not good after an unexpected defeat in game one. At game two, the strong pairing of Bob Barrow and Roger Stone could only secure a half. Fortunately, George Wallace and partner had a narrow win

in game three which redressed the balance. The teams shared games four and five to set up a tense finish. But The Saints had a comfortable win to take the match by 3 1/2 - 2 1/2.

Results: Nick Hill & Keith Potter lost 2&1, Bob Barrow & Roger Stone halved, George Wallace & Bill Hilson won by 1hole, John McOmish & Barrie Singleton lost 2&1, Paul England & Bryan Frost won by 2 holes, Dickie Hall & Nobby Hodder won 4&3.

This competition takes the form of an individual stableford event with the proceeds going to the RAF Association.

Barry Heath and Colin Ireland were the forerunners, both playing fine golf and could not be separated at the finish having returned scores of four under par, 40 points.

This, was however, only good enough to take second and third places as an

amazing round of seven under par, 43 points, was achieved by new member Stuart Seery.

Meanwhile, 55 members entered the August qualifying medal competition on Friday.

Steve Forbes and Alan Chance both managed a round of level par, 70 in Division One to take second and third spots respectively, but were well

beaten by Danny Dowell who returned a score of five under par, 65.

MATCH REPORTS

Beer Albion Res 6 Newton St Cyres Res 2

BEER Reserves kicked off their 2016/17 Division Five campaign with a rousing 6-2 win over Newton St. Cyres writes Richard Honnor.

The game was a fine advertisement for "grass-roots" football; it was an action-packed thriller, played in an excellent spirit with both sides serving up fine football and some spectacular finishing.

The Fishermen opened the scoring when player-manager Richard Walker latched onto 16-year-old debutant keeper Henry Bartlett's long kick before lobbing home from long-range.

But the equaliser inevitably came on 36 minutes when the Fishermen were caught out by a long ball and Adi Selway, who was a handful all afternoon, slotted coolly past the advancing Bartlett from 12 yards.

Beer went ahead 2-1 on 40 minutes when Simon Smith found Richard Walker whose pull-back from the left was met on the volley by Smith.

After the break, Richard Walker was unlucky not to score from close range when his fierce strike rattled the underside of the crossbar. But the equaliser came for the Saints on 61 minutes when Jamie Farrell hit an unstoppable strike from 35 yards into the top corner.

At this stage only one result looked possible as the visitors piled on the pressure but they were caught out on 72 minutes when Smith and Langham combined well to provide another chance for Richard Walker who made no mistake.

But the Saints came back hard went close on 82 minutes when a cracking strike from Artes which brought a superb save from Bartlett. This was a key moment and the Fishermen took control.

Langham scored Beer's fourth goal on 82 minutes and two goals in the dying minutes from debutant Jamie Walker and Nathan Newbury, from all of 35 yards made the score

a somewhat flattering 6-2.

Match sponsor Pecorama at Beer, Gardens, Games, and Trains judged Beer's best player to be Tom Neale.

Beer's next home match is on Saturday when the Reserves play Sandford 2nds in the Devon Intermediate Cup. Kick-off is at 2 pm and match sponsor is Steamers Restaurant, Beer.

North Tawton 2 Millwey Rise 1

A DEPLETED Millwey made the long trip to North Tawton for their Diviisi Five debut boosted by the inclusion of record goalscorer Levi Hoole who has re-signed after a brief stint with Sidmouth Town writes Dick Sturch.

This was a match that flowed from end to end. One minute Wayne Jenkins headed the ball off the Millwey goal line, the next Levi Hoole had a fierce shot turned round the post by the home keeper.

Millwey took the lead when Tyler Warren's corner was turned into the net by the home keeper.

Soon after Nathan Hoole, was called upon to make a spectacular save at the other end to keep Rise in front.

But the hosts exerted more pressure and a misplaced pass fell to Ryan Dunster who equalised.

Early the second half Millwey's goalpost was rattled as North Tawton continued to exert pressure on the Millwey defence in which Wayne Jenkins and Shane Featherstone worked hard to stem the flow.

The problems mounted when Warren was dismissed for a dangerous tackle and the stream pressure finally told as Dunster bagged the winner.

Axminster 3rd 4 Queens Head 1

AN early goal from Elliott Bastin and good work from Mike Knight put Axminster on their way to victory in a physical encounter at Tiger Way.

Bastin's 16th minute corner kick then forced

an own goal and further strikers from Reece Best and Adam Whitehouse (pen) made the game safe at 4-0 at half-time.

The second period was a bruising encounter which saw Jamie Tait red-carded and the visitors finally find a way past stand-in keeper Mark Vaughan.

Ax Manager Stuart Ellis picked out Pete Smith as his MoM.

Round-up by Collin Goodwin

HATHERLEIGH Town stole the show on Saturday with their shock 4-3 victory at champions Topsham Town.

At first Topsham looked as if they would overrun the visitors, but Hatherleigh took their chances really well and felt they deserved to go away with the points.

However the week's talking point was from Bow AAC who have been denied the chance to withdraw their Premier side.

The mid Devon team had hoped to just carry on with their Division 3 team but the League insisted that Bow withdraw both teams or just their reserves.

Valiantly Bow have chosen to battle on in Premier but it was no surprise they went down 7-0 to an impressive Elmore.

Newtown won 2-1 at Uppottery who thought they had rescued a point when they equalised right on time. However Newtown then nabbed the winner through Corey O'Donoghue. Darren Osmand had their first

goal.

Honiton Town won 4-1 at Okehampton Argyle two of their goals coming from pens from Lewis Couch. Correy Couch and Chris Long also scored. The played most of the match with ten players.

Lyme Regis, promoted to Division One grabbed a last minute equaliser from sub Sam Bevis at home to Exmouth Town to draw 1-1.

Colyton won 3-1 at home to Wellington Town, and Sidmouth Town also won 3-1 away to Bickleigh.

In the lower divisions Witheridge beat Honiton Town 3-1 on Friday night with Dan Plumridge 2 and Ben Payne scoring.

Taylor at the double as Ilminster go top

Ilminster Town 4 Minehead AFC 0
SOMERSET LEAGUE DIV ONE (WEST)

ILMINSTER Town moved joint top of the table with a convincing 4-0 thumping of Minehead.

The Blues took the lead on the half-hour courtesy of Chris Neziyanya's first goal of the season.

A double from Taylor Jefferson, a header followed by a fine finish, made the points safe before Liam Riste came off the bench to round off the scoring with a neat chip.

A delighted Ilminster manager Jason Manley told *View Sport*: "It was a fantastic performance against a good Minehead side.

"They played well for the first 15 minutes but then we clicked, pressed high and took control. Chris' (Neziyanya) experience shone through and his work rate was rewarded with his goal.

"In the second half Minehead were unable to deal with Taylor's pace and

he tore them apart."

Ilminster Town: Rich Pippin, Darren Brown, Jon May, Jonny Manley, Aaron Sweet, Jack Male, Matt Brown, Brad Miles (Capt), Chris Neziyanya, Dan Smith Taylor Jefferson. Subs; Liam Riste, Karl Davis.
